INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Massachusetts College of Art and Design Foundation, Inc.
Boston, Massachusetts

Report on the Financial Statements

We have audited the accompanying statements of financial position of Massachusetts College of Art and Design Foundation, Inc. (the "Foundation") (a component unit of Massachusetts College of Art and Design) as of June 30, 2018 and 2017, the related statements of activities, changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Massachusetts College of Art and Design Foundation, Inc. as of June 30, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 17, 2018, on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control over financial reporting and compliance.

Notes to the Financial Statements

June 30, 2018 and June 30, 2017

Note 1 - **Summary of Significant Accounting Policies**

Organization

Massachusetts College of Art and Design Foundation, Inc. (the “Foundation”) was organized in 1981 as a not-for-profit organization, exempt from income taxes under 501(c)(3) of the Internal Revenue Code, for the purpose of providing financial assistance and support to the educational programs and development of Massachusetts College of Art and Design (the “College”). The Foundation operates primarily in Massachusetts and receives its revenues from both corporate and individual donations.

Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses. The actual results of the estimates could differ from the estimates made in the preparation of the financial statements.

Financial Instruments

Financial instruments that potentially subject the Foundation to concentrations of credit risk consist of cash and equivalents, investments, and contributions receivable. The Foundation maintains its cash and equivalents in bank deposit accounts, the balances of which, at times, may exceed federally insured limits. Investments are maintained at brokerage institutions. Exposure to credit risk is reduced by placing such deposits in high quality financial institutions and insured brokerage houses.

The carrying amounts of certain financial instruments, including cash and equivalents and contributions receivable, approximate fair value because of the relatively short maturity of these instruments. The carrying amounts of investments are reported at market value.

Method of Accounting

The accompanying financial statements have been prepared utilizing the accrual basis of accounting in accordance with generally accepted accounting principles.

Financial Statement Presentation

Assets, revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

Unrestricted net assets - Net assets that are not subject to donor-imposed restrictions.

Temporarily restricted net assets - Net assets subject to donor-imposed restrictions that may or will be met, either by actions of the Foundation and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets in the statements of activities as net assets released from restrictions.

Permanently restricted net assets - Net assets subject to donor-imposed restrictions that must be maintained permanently.

Cash and Equivalents

The Foundation considers all highly liquid instruments with an original maturity of three months or less to be cash equivalents. Deposits in the bank in excess of the insured amount are uninsured and uncollateralized. Amounts exposed to custodial risk at June 30, 2018 and 2017 were approximately \$3,142,000 and \$4,575,000, respectively.

Contributions

Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted contributions, depending on the nature of the restrictions. However, if a restriction is fulfilled in the same fiscal year in which the contribution is received, the Foundation reports the support (revenue) as unrestricted. Contributions, including unconditional promises to give that are written, or otherwise verifiable, are recognized as revenues in the period received. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

Note 1 - **Summary of Significant Accounting Policies - Continued**

Contributions - continued

Unconditional promises to give are included in the financial statements as pledges receivable and revenue for the appropriate net asset category. Pledges are recorded at the present value of the expected future cash flows using a risk-free interest rate commensurate with the date of the donation. Conditional promises to give are not recognized until the conditions on which they depend are substantially met.

Fair Value Measurements

Promulgations of the Financial Accounting Standards Board have established a framework for measuring fair value, which provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The highest priority is assigned to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- | | |
|---------|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |
|---------|---|

AND DESIGN FOUNDATION, INC.**

Notes to the Financial Statements - Continued

June 30, 2018 and 2017

Note 1 - **Summary of Significant Accounting Policies - Continued**

Fair Value Measurements - continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Management establishes the fair value measurement valuation policies for the valuation of all investments. Annually, at a minimum, management reviews the continuing viability of the valuation techniques used to establish fair value measurements and evaluates and adjusts, as necessary, the unobservable inputs used in the fair value measurements based on current market conditions and other third party information. The board of directors assesses and approves these policies. Any transfers between levels of the fair value hierarchy are recognized at the end of a reporting period.

Annuities Payable

The Foundation has charitable gift annuities as of the year ended June 30, 2018 and 2017. A liability has been recognized at the present value of future cash flows expected to be paid to the donors.

Endowment Funds

Massachusetts law requires not-for-profit organizations and other entities that receive donor contributions to operate in conformity with its enacted version of the Uniform Prudent Management of Institutional Funds Act ("UPMIFA"). In the absence of overriding explicit donor stipulations, UPMIFA prescribes guidelines for expenditures of donor-restricted funds and focuses on the prudent spending of the entire donor-restricted fund, including accumulated earnings, rather than the historical dollar concept. UPMIFA's requirement that amounts may be appropriated for expenditure only after careful consideration of the seven factors outlined in its spending guidelines is bolstered by its intent to have the governing board of the organization make its decisions in light of the donor's intended purpose of the endowment fund, stipulated or otherwise.

AND DESIGN FOUNDATION, INC.**
(a component unit of Massachusetts College of Art and Design)

Notes to the Financial Statements - Continued

June 30, 2018 and 2017

Note 1 - **Summary of Significant Accounting Policies - Continued**

Endowment Funds - continued

UPMIFA requires donor-restricted funds to be classified in accordance with their restrictions. Gains on endowment funds and other amounts permitted to be disbursed in accordance with the donors' stipulations must be classified as temporarily restricted net assets until approved for expenditure by the organization. Earnings on endowment funds that have not yet been specifically approved for expenditure, but will be, must be classified as temporarily restricted net assets until approved for expenditure by the organization.

The Foundation's board classifies donor-restricted funds and earnings thereon in accordance with applicable state law as interpreted by the Attorney General. Endowment fund assets are appropriated for expenditure in accordance with the directions and/or intent of the donor. Unrealized losses that reduce fair value to an amount below the donated value are charged to unrestricted net assets. Unrealized gains will be classified as unrestricted net assets to the extent fair value again equals donated cost, at which time unrealized gains will be classified in accordance with the Foundation's spending policy.

The Foundation's investment policy for endowment funds is intended to preserve capital to the extent possible and provide a reasonably predictable stream of revenue to provide appropriate funding to the programs supported by endowment funds.

Income Tax Status

Accounting principles generally accepted in the United States of America require an entity to assess the probability that a tax position has a more likely than not ("MLTN") sustainability after review by tax authorities. If a tax position is deemed not to meet this threshold, any unrecognized tax benefits and costs are estimated and recognized. Tax returns are routinely open for review by the tax authorities for three years from their due date. In certain circumstances the statute of limitations may remain open indefinitely.

As a not-for-profit entity exempt from income taxes, the Foundation may, however, be subject to tax on unrelated business income.

New Accounting Pronouncement

ASU 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities*, an amendment to Topic 958, Not-for-Profit Entities, was issued by the Financial Accounting Standards Board in June 2016 with an effective date for fiscal years beginning after December 15, 2017. The purpose of this amendment is to improve the transparency and utility of information contained in the financial statements of such entities. Net assets will be presented in two categories, net assets with donor restrictions and net assets without donor restrictions, as opposed to the current three categories. Additional information and disclosures will be required to enable a reader to more readily understand liquidity limitations due to restrictions on net assets. Early application is permitted. Management does not expect implementation to have a material effect on financial position or results of operations.

ASU 2018-08, *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*, an amendment to Topic 958 – Not for Profit Entities was issued by FASB in June 2018. The purpose of this amendment is to provide guidance in determining whether resource providers and resource recipients are participating in an exchange transaction, or if the transfer of funds is a contribution, by evaluating whether the resource provider is receiving commensurate value in return for the resources transferred. The amendment in this update should be applied on a modified prospective basis, however, retrospective application is permitted. For resource recipients involved in public markets, including over-the counter exchanges, the amendments are effective for periods beginning after June 15, 2018. For all other resource recipient entities, it is effective for annual periods beginning after December 15, 2018. The effective date for resource providers involved in public markets is periods beginning after December 15, 2018. All other resource providers should apply the amendment to periods beginning after December 15, 2019. Early adoption is permitted. Although management has not concluded its review of this standards update, based on the nature of the Foundation's, it does not believe implementation will have a material effect on the financial statements.

Note 2 - **Investments**

The Foundation invests in equity and fixed income mutual funds and hedge funds that are held by a national investment banking and financial services institution. These funds are managed by an investment advisor in accordance with the terms of an investment advisory policy. The Foundation's investment management fees were \$25,000 and \$25,000 for the years ended June 30, 2018 and 2017, respectively.

Investments, stated at market value, are comprised of the following at June 30,:

	<u>2018</u>	<u>2017</u>
Equity mutual funds	\$ 8,749,351	\$ 7,020,074

Note 3 - **Fair Value Measurements**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2018.

Mutual Funds: Net asset value of the shares held at fiscal year-end.

Hedge Funds: Net asset value of the shares held at fiscal year-end.

Equity Securities (Common Stock): Valued using quoted market prices

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level the Foundation's assets measured on a recurring basis:

Note 7 - **Donated Goods and Services**

The value of certain donated goods and services are recorded at their estimated fair value as of the date of receipt and are included within the Statements of Activities. For the years ended June 30, 2018 and 2017, the Foundation received \$43,195 and \$74,958, respectively, which has been included in in-kind revenue and related educational programs and awards expense. The Foundation received \$18,875 and \$8,181 for various fundraising events for the years ended June 30, 2018 and 2017, respectively, which has been included in in-kind revenue and related fundraising expense.

Note 8 - **Contributed Services Received from Personnel of an Affiliate**

The College provided accounting and development personnel to the Foundation without charge. During the years ended June 30, 2018 and 2017, the Foundation recognized revenue and related expense of \$31,707 and \$28,687, respectively, which has been included in in-kind revenue and related management and general expenses, for contributed services received from the College based on the fair value of comparable services provided by third parties.

Note 9 - **Risk and Concentrations**

Cash

From time to time, the Foundation's cash balances at financial banking institutions exceed the federally insured limit. Management monitors the financial condition of the banking institutions, along with its balances in cash, to keep this potential risk at a minimum.

Investment Risk

The Foundation's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Foundation's financial position.

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Directors of
Massachusetts College of Art and Design Foundation, Inc.
Boston, Massachusetts

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Massachusetts College of Art and Design Foundation, Inc. (a component unit of the Massachusetts College of Art and Design) (the "Foundation") as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise Foundation's basic financial statements, and we have issued our report thereon dated September 17, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Foundation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
