## Frequently Asked Questions

**Do I have enough Dining Points to eat all semester?**

The plan has been designed to allow you to eat meals based upon an average dining pattern with additional funds for snacks and miscellaneous purchases. You are responsible for your own spending.

**How do I purchase food?**

The key to your Dining Plan is your School ID card. You must always present your ID card when making a purchase. It works just like an ATM or Debit Card. Your balance is adjusted and updated immediately. You will not be able to purchase food without your ID Card.

**What do I do if my Dining Points run low?**

Each time you make a purchase using your Dining Points, your balance will be displayed at the register. If your Dining Points run low, you may add additional Dining Points at any time by going to the Dining Service office at the Dining Commons with cash, check or money order, or on our website at [www.dineoncampus.com/massartmcphs](http://www.dineoncampus.com/massartmcphs). We will be able to add Dining Points to your plan immediately!

**What if I lose my School ID?**

Should you lose your ID, report it immediately to the Dining Service office in the Dining Commons or call (617) 879-7964. Your old card will be deactivated and when you acquire your new School ID we will reactivate your meal plan.

**What happens to my unused Dining Points at the end of the semester?**

Dining Points carry over from the fall to the spring semester; however, at the end of the spring semester, any unused points are nonrefundable. Budget your points during the spring semester so you do not have "extra" at the end of the spring semester.

**Can a friend use my ID Card?**

No, your card is non-transferable. You may purchase food for a friend, however for your own protection, we only allow you to use your card.

## How Does the Meal Plan Work?

Meal plans have been designed to accommodate the various needs of our students. The resident meal plans are as follows:

- Smith Hall (MassArt) has a full meal plan consisting of 1210.00 in dining points.
- The Artist's Residence (MassArt) has a partial meal plan consisting of 750.00 in dining points.
- Fennell Hall (MCPHS) has a full meal plan consisting of 1180.00 in dining points.
- Matricariah Hall (MCPHS) has a partial meal plan consisting of 650.00 in dining points.

All resident meal plans have an administrative fee that is applied to various operational aspects of the Dining Service program.

### Dining Points:

Dining Points are accepted like cash in all our dining locations. Dining Points is a "declining balance account" that works on the same principle as a debit card. You can use your points to purchase beverages, snacks, or even a full meal in The Dining Commons, Tower Café (MassArt), Crossroads Café (MCPHS), Beatty Hall (Wentworth), Leopard's Den (Wentworth) and the COF C-Store. Each time you make a purchase, the purchase amount is subtracted from your Dining Points balance. Your points do carry over from semester to semester but not from year to year. Additional Dining Points can be added to your account at any time.

*Please note: Unused Dining Points will carry over from fall to spring semester. At the end of the spring semester, all unused Dining Points are nonrefundable and will not carry over to the following school year. Remember, you can purchase additional Dining Points at any time by contacting the Chartwells Dining Service office at (617) 879-7964 or by going to [www.dineoncampus.com/massartmcpchs](http://www.dineoncampus.com/massartmcpchs)*

### Flexibility:

You create your own personalized dining plan according to your own schedule, dining patterns and personal tastes.

### Control:

You determine how much is spent at any meal. There are no maximum or minimum requirements.

### Convenience:

Food can be purchased at The Dining Commons, The Tower Café, The Crossroads Café, Beatty Hall (Wentworth), Leopard's Den (Wentworth) and the COF C-Store during any of the hours of operation. There are no limitations as to when you can use your dining points during the year or how much you spend. You must use all of your points before the end of the academic year. All remaining balances are nonrefundable.

## Additional Features on Your Resident Meal Plan

### Values:

You purchase meals and snacks using your ID Card that is encoded with your dining points. You must have your ID Card to purchase any food! Your account balance is automatically updated by a computerized system. You can check your balance every time you make a purchase.

### Account Spending Model

In order to help you manage your funds effectively, a spending model is available for you to compare your account balance. The model suggests how you might manage your dining points throughout the semester. Periodically, you should check your balance against the model to see how you're spending patterns compare. Depending on your balance, you should adjust your purchases accordingly. The model will be posted in The Dining Commons and distributed to you when you arrive on campus.
